**Girls Gotta Eat Dirt**

2020, USA, 6 minutes
Advisory: General
The story of three best friends, roommates, and riding partners with a taste for the finer things. Namely plenty of dirt on their jorts and lighthearted, fun mountain bike action in the high alpine.

**The Farmer**

2021, USA, 4 minutes
Filmmaker: Michael James Brown, Sweetgrass Productions LLC.
Advisory: General
A local legend in the Wasatch Mountains, the Farmer spends his winters harvesting one of the most precious crops on earth: Powder.

**Exit the North Pole (Tour Edit)**

2021, Norway, 51 minutes
Filmmaker: Ole-André Lagmandokk, Svein Haaland
Advisory: PG — Coarse Language
Experienced polar explorer Børge Ousland is joined by South African Mike Horn for an insane, 500km skiing journey across the polar ice cap in temperatures below -30°C, and mostly traveling in darkness. Not surprisingly, not everything goes as planned.

**Between Walls**

2020, Austria, 2 minutes
Filmmaker: Johannes Hoffmann, Whiteroom Productions
Advisory: General
In spring 2019 gigantic walls of snow piled up along the high mountain road to the Timmelsjoch, Austria. Johanna Bolanos Cabrera and Jasmijn Hanegraef grabbed their longboards and took the opportunity to ride through this stunning scenery. Speed is what the girls live for!

**Link Sar**

2021, USA, 17 minutes
Filmmaker: Graham Zimmerman, Jim Aikman, Bedrock Film Works
Advisory: PG - Coarse Language
Follow an elite American alpinist navigating his relationships and motivations while attempting to climb and survive one of the world’s most challenging unclimbed peaks: Link Sar, in the high mountains of Pakistan.

**Walking With Plants**

2020, Canada, 23 minutes
Filmmaker: Trevor Bennett, Leigh Joseph, Nicole Sorochan, Kingtide Films
Advisory: General
Styawat/Leigh Joseph is a Sḵwx̱wú7mesh Nation ethnobotanist. She contemplates her relationship with plants and their role as healers on the very land where her ancestors have harvested them since time beyond memory, and her life purpose is awakened.

**ASCEND: Reframing Disability in the Outdoors**

2021, USA, 12 minutes
Filmmaker: Faith E. Briggs, Mike Ferrell, TopTop Studio
Advisory: Coarse Language
Vasu Sojitra is not trying to inspire you to feel good. His trauma doesn’t exist solely to benefit the education of others. He’s seeking to inspire you to move mountains. To take action. Skiing is the method, but the real mountains are the “isms” that fail to support Disabled communities, communities of color and so many others for whom access has not been a right.

**Trustfall**

2021, Norway, 11 minutes
Filmmaker: Stefan Witts, Witts
Advisory: General
A world class duo of wingsuit flyers attempts to complete a sequence of moves for the altitude of 3,000m from a mountainside that is only 1,500m high. The large walls that surround them and the tiny window for success make this dangerous, uncharted territory.
